

Child Friendly Safeguarding Policy

Sandy Lane Nursery and Forest School
"Nurturing curiosity and inspiring imagination"

What does it mean to keep safe?

At Sandy Lane Nursery and Forest School, all of the adults want you to be safe, happy and healthy.

We try very hard to make sure that nursery is a safe place to be.

We also want home to be a safe place for you. We don't want anybody to hurt you or make you sad.

What to do if you are feeling sad, worried or scared?

We want you to talk to us about how you are feeling. Please come and let us know....

If you are sad, unhappy or worried we will try and help you to feel better.
You can talk to any grown up you would like to!

We can't keep a secret if:

- you tell us that somebody has said things to you which are mean or which upset you
- you tell us that somebody has given you something to eat or drink which isn't good for you
- you tell us that somebody has hurt you
- you tell us that you have seen something on the television or on an iPad that isn't very nice or has frightened you
- somebody has touched parts of your body that you didn't want them to touch

But we will always do our very best to help you!

Don't forget....all the grown-ups at Sandy Lane Nursery and Forest School
want you to be safe, happy and healthy!
